

VACANCY

TECHNICAL SERVICE TEAM LEADER

We are seeking an experienced Team Leader to provide leadership, supervision and support to our Technical Service Team. This is a new, exciting position and you will work with the Service Manager to ensure that the team delivers a high standard of customer service, meeting and exceeding customer expectations. You will lead and develop the team and will identify and facilitate training requirements to ensure the department has sufficient cover at all times.

You will also work with the Service Manager to plan and coordinate service activities and roll out strategic and operational service objectives to develop and grow the service business. Other responsibilities will include planning, coordinating and assisting in the repairs, commissioning and technical support for all equipment supplied by the Company.

This is a varied, hands-on role so we are looking for an experienced engineer with strong technical, IT and networking capabilities. You will need a minimum of 2 years previous supervisory/leadership experience together with first class interpersonal skills with the ability to communicate at all levels.

You will also need to demonstrate excellent planning and organising, problem solving and customer care skills.

A full job description is available on request. The closing date for applications is Friday 30th May 2025.

Interested? Apply in writing to the Haag-Streit UK Human Resources Department by emailing kennedy.reed@haag-streit.com.
